COPY 1 OF 3

Dear Dan:

Reference is made to our Proposal CMCC Doc.No. 151x5.837, dated November 19, 1957, for 3-Channel Data Reduction Spares.

In this proposal we estimated that the costs for fourteen C rack Fly Away Kits would be \$25,279.10. The fee at 8.25% of costs would be \$2,085.58, making the total estimated cost including fee \$27,364.68. The total quantity of Fly Away Kits, however, was incorrectly listed and should have been shown as twenty-four: four for Requirement No. 1 and twenty for Requirement No. 3. The funding for the twenty-four kits therefore should have been \$43,335.60. The fee at 8.25% of costs would be \$3,575.28, making the total estimated cost \$46,910.88. The total estimated cost including fee should thus be increased by \$19,546.20. It would be appreciated if you would make this change to our proposal.

We have received only partial authorization against this proposal. Your letter No. 24804 dated February 27, 1958, approved four List Y-A's, four List Y-B's, four List Y-C's, six List Y-F's, and one List Y, all for Requirement No. 1. A letter authorizing the balance of this proposal, including the above adjustment, would be appreciated.

Sincerely,

Dean
